SUMMARY

Motivated and detail-oriented Diploma in Computer Engineering student with strong skills in web development, programming, and AI-assisted software development. Passionate about building practical applications using modern technologies. Experienced in developing academic and personal projects involving Python, JavaScript, C#, SQL, and AI tools. Quick learner with strong problem-solving abilities and a keen interest in software engineering and artificial intelligence.

EDUCATION

Diploma in Computer Engineering, Currently in Third Year

PROJECTS

StudX – Student Productivity Platform | Technology: Python

- Developed a productivity platform for students.
- Focused on improving task organization and study management.
- Worked collaboratively using GitHub.

Personal Portfolio Website | Technology: HTML, CSS, JavaScript

- Designed and developed a responsive personal portfolio website.
- Showcases projects, technical skills, education, and contact details.
- Optimized for desktop and mobile devices.

Quiz Management System | Technology: C#, .NET, SQL Server

- Developed a desktop-based quiz application.
- Implemented secure login and user authentication.
- Connected application with SQL database.
- Included student dashboard and quiz management features.

TECHNICAL SKILLS

Programming Languages: Python, Java, JavaScript, C, C#

Web Technologies: HTML5, CSS3, Tailwind CSS, React (Basics)

Database: SQL

Tools & Technologies: Git, GitHub, Cursor AI, Visual Studio, VS Code

Core Subjects: Data Structures, Software Engineering, Machine Learning Fundamentals, Computer Networks, Database Management Systems, Object-Oriented Programming

CERTIFICATIONS

Finlatics Product Management Experience Program

AI Prompt Engineering (Self Learning)

SOFT SKILLS

Problem Solving; Team Collaboration; Communication; Analytical Thinking; Adaptability; Time Management

ACHIEVEMENTS

Built multiple academic and personal software projects.; Actively learning Artificial Intelligence and Machine Learning.; Strong interest in full-stack and AI-powered application development.

LANGUAGES

English; Hindi; Gujarati
